

JOBLIE.

THE INTELLIGENT JOB PLATFORM FOR LIECHTENSTEIN

Talent from the *region*. Straight to your office.

Liechtenstein's modern job platform — regionally focused,
built on the latest technology and mobile through and
through.

From the region. For the region.
JOBLIE.LI

 Kompetenz aus
Liechtenstein
Liechtensteiner Kompetenzzentrum für Wirtschaft und Dienstleistungen

wirtschaftskammer.li
für gewerbe, handel und dienstleistung

FROM THE REGION. FOR THE REGION.

The best talent is already *here*.

Joblie brings them straight to you — fast, human, digital.

THE PLATFORM

Liechtenstein's *modern* job platform.

Joblie connects companies in the Liechtenstein economic area with the talent of the four-country region. Regionally focused, technologically state of the art and mobile through and through — a platform built for the way people look for jobs and companies hire today.

Regionally focused

Liechtenstein and the border region only. Your vacancy reaches exactly the people who want to work here — with no wastage.

State of the art

AI matching, AI summaries, automatic distribution.
Built modern, not laboriously retrofitted.

Mobile & WhatsApp-first

Apply in a few steps — where candidates actually are today.

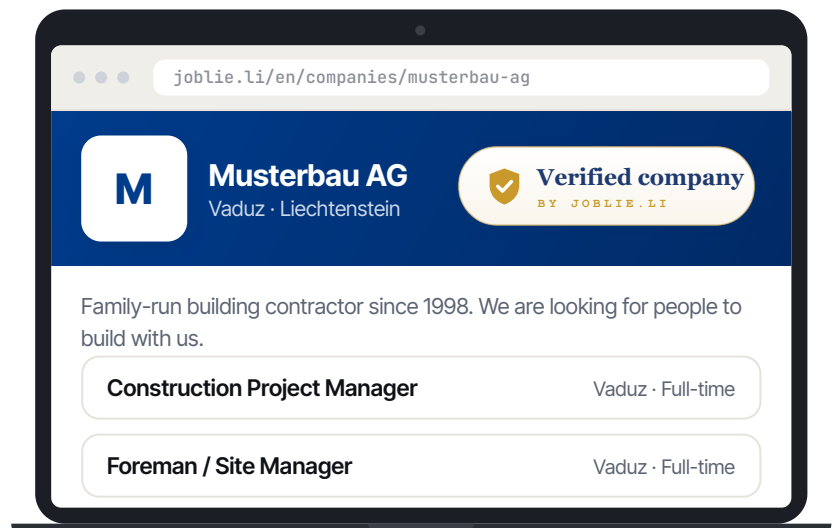

Fair & independent

Transparent pricing. Just the platform and you.

VERIFIED EMPLOYER

Your seal — visible on your *company profile*.

Verified companies carry the Joblie seal right on their profile. Trust at first glance — for every single candidate.

THE DIFFERENCE

Why Joblie is *different*.

CONVENTIONAL JOB BOARD	JOBLIE
– Retyping every vacancy by hand	✓ Feed instead of retyping — vacancies come in automatically wherever a feed exists
– Applications by form or PDF	✓ Applications via WhatsApp, mobile, just a few steps
– Scattered across half the DACH region	✓ Focused on Liechtenstein
– Screening applications by hand	✓ AI matching & an AI summary for every application
– Reach limited to the portal itself	✓ Google for Jobs, leading partner portals & social media
– No statistics, or unreadable ones	✓ Real-time statistics cockpit with a complete overview
– Listings in German only	✓ Bilingual DE/EN — automatic AI translation
– Waiting for someone to apply	✓ Talent pool — actively find matching candidates
– Employers unverified	✓ Verified employers with a visible seal
– Data handling often unclear	✓ EU servers in Zurich, GDPR-compliant
– Old technology, retrofitted	✓ Built from scratch, state of the art

WHAT YOU GET AS A COMPANY

Everything modern recruiting needs.

Feed integration available

Your vacancies arrive with us automatically — synced daily.

Google for Jobs

Complete schema — your jobs directly in Google job search.

Multi-portal distribution

One vacancy, many channels: Google and leading partner portals.

Social autopilot

Your vacancies automatically on LinkedIn, Instagram & Facebook.

WhatsApp applications

Apply and reply via WhatsApp — only a few steps needed.

AI matching

Matching talent sees you first — transparently.

AI summary

Every application summarised to the point.

Job alerts

Your vacancy is actively delivered to matching talent.

BIGGEST LEVER

Talent pool

Search for candidates yourself and approach them directly.

Statistics cockpit

Views, applications, sources — all in real time.

Company profile

Your presence with logo, gallery, video and location.

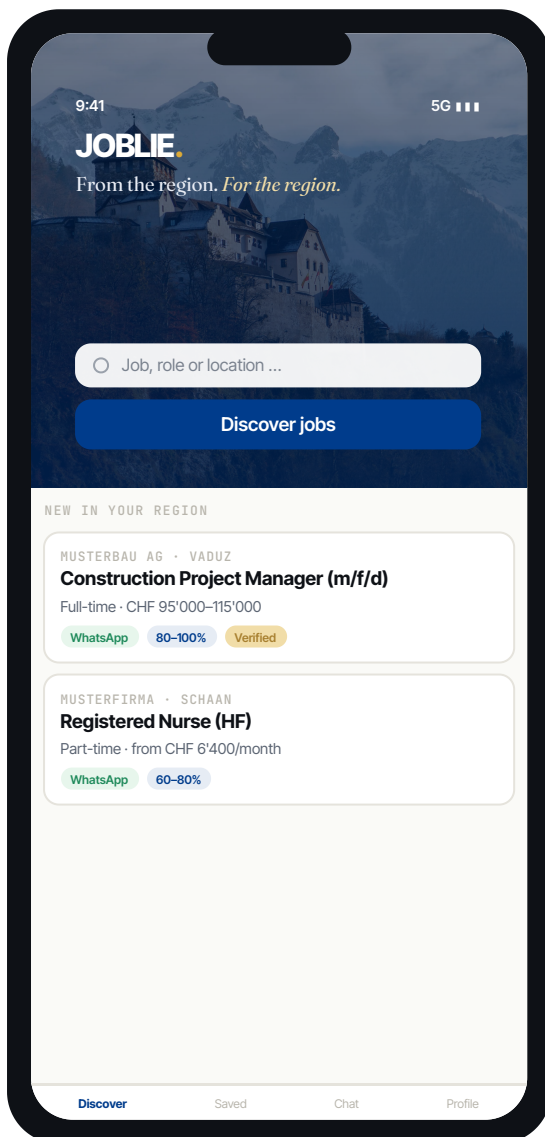

Verified employer

The Joblie seal creates visible trust.

Also included: in-app chat · application documents straight to your inbox · bilingual platform (DE/EN) · GDPR-compliant, EU servers in Zurich · listings with no expiry date on subscription plans.

MOBILE BY DESIGN

Built for the smartphone — where the talent *is*.

Most job searching happens on a smartphone today. Joblie is mobile through and through: search, discover and apply in seconds — no app, no form fatigue.

● Apply via WhatsApp

A few taps instead of a form. Right in the chat.

● Built for the thumb

Mobile-first, lightning fast, nothing to install.

● The region in your pocket

Jobs from Liechtenstein always with you.

● Visible immediately

Every vacancy live on Google for Jobs and the partner portals.

STATE OF THE ART

Technology that takes work *off your hands*.

ARTIFICIAL INTELLIGENCE

Matching & summaries

Our AI identifies which candidates fit your vacancy — transparent instead of a black box. An AI summary condenses every application to the point.

AUTOMATION

Distribute instead of retyping

Feed instead of retyping: your vacancies sync automatically — and are distributed on their own to Google for Jobs, partner portals and social media.

MOBILE

Applying the way people communicate today

WhatsApp applications, mobile-optimised, no forced sign-up — the shortest path from interest to application.

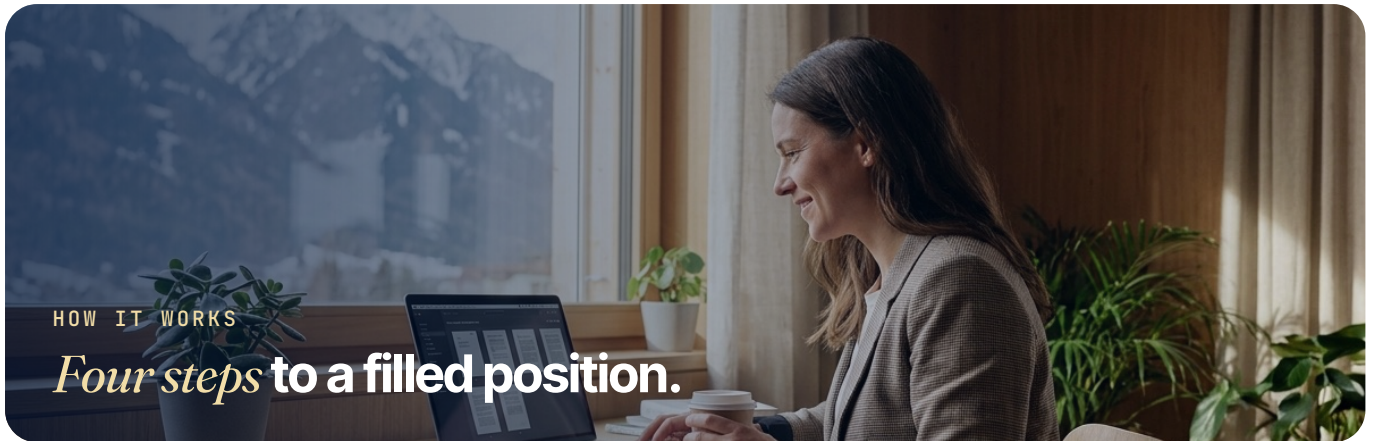

DATA

Decide with facts

The statistics cockpit shows in real time how your vacancies perform: views, applications, sources and peak times.

◆ EU SERVERS IN ZURICH • GDPR-COMPLIANT • BILINGUAL DE/EN • INDEPENDENT & REGIONAL

01

Connect

Link your feed or create a listing directly — with no retyping at all.

02

Distribute

Joblie takes your vacancy automatically to Google for Jobs, portals and social media.

03

Apply

Candidates apply on mobile or via WhatsApp — the AI matches the right ones.

04

Manage

Applications, chat and statistics all come together in your cockpit.

From vacancy to hire — without friction.

YOUR VISIBILITY

This is how your listing looks *everywhere*.

A vacancy on Joblie appears automatically where talent is searching — as a professional social media post and directly in Google job search.
